

## SRVA LOCKER ROOM MONITORING POLICY

### PURPOSE

The following guidelines are designed to maintain personal privacy as well as to reduce the risk of misconduct in locker rooms and changing areas.

### FACILITIES

SRVA practice facilities have a changing area that is shared with the general public. As such, there are likely to be people who are not associated with SRVA in the changing area around the time of practice.

### MONITORING

SRVA has staggered practices, with different groups arriving and departing throughout the day. It is therefore not practical to constantly monitor locker rooms and changing areas over this extended course of time. While we do not post staff, coaches, parents, or other adults inside or at the doors of the locker rooms and changing areas, we do make occasional sweeps of these areas. Staff, coaches, parents, or other adults conduct these sweeps, with women checking on female locker rooms, and men checking on male locker rooms.

### USE OF CELL PHONES AND OTHER MOBILE RECORDING DEVICES

Cell phones and other mobile devices with recording capabilities, including voice recording, still cameras and video cameras increase the risk for different forms of misconduct in locker rooms and changing areas. The USA Swimming Athlete Protection Policies prohibit the use of such devices in the locker room or other changing area:

#### Article 305.3

Use of audio or visual recording devices, including a cell phone camera, is not allowed in changing areas, rest rooms or locker rooms.

### REPORTING A VIOLATION OF THIS POLICY

If a swimmer, parent, Coach or Board Member observes behavior not consistent with the above or any other unsafe behavior, they should notify SRVA's Safe Sport Coordinator at [safesport@srvaswimteam.org](mailto:safesport@srvaswimteam.org), the SRVA Head Coach and the President of the club ([president@srvaswimteam.org](mailto:president@srvaswimteam.org)).
